### THE ONTARIO LIBERALS

#### IN CONVENTION IN TORONTO

The Resolution Committee Recommends the Settlement of the Temperance Question by Each Municipality

Toronto, November 24.—At this morning's session of the Liberal Convention a resolution was adopted in favor of the appointment of a Minister of Colonization and Labor, and also a bureau of labor, in view of probable unsettling effects on the labor conditions by the pouring in of new settlers to New Ontario.

The resolution committee discussed temperance this morning, and finally compromised on a resolution favoring the compulsory submission of the local option by-law in every municipality on January 1, 1906. If passed such by-law can be repealed only by act of Parliament, and if defeated, the by-law cannot be submitted again for three years. The resolution comes before the convention this afternoon, for discussion and adoption.

Toronto, November 25.—The Liberal Convention spent yesterday morning discussing temperance. The compromise resolution was accepted, favoring the compulsory submission of local option by every municipality on January 1, 1906.

The resolution recommending government ownership and the passing of legislation to facilitate acquisition and operation by municipalities of public ownership utilities and granting the charter to Toronto and other cities, came up yesterday afternoon.

#### Ontario Conservatives Convene

Toronto, November 25.—The Provincial Conservatives assembled here in convention this morning. Whitney prophesied a great uprising against the Ross Government. Hon. G. A. Foster also delivered a rousing speech. The meeting was harmonious and enthusiastic. Hundreds of delegates are pouring in.

Over four hundred delegates are in attendance at the Conservative convention in the Association Hall. Foster, Foy and Whitney addressed the convention, saying that the utmost freedom of debate would be allowed. Frequent calls were made for Gurney, and he spoke at the evening meeting. He referred to the attack made on him by McKay, commissioner of Crown Lands. He challenged McKay to meet him in Massey Hall at an early date, when he would make personal charges against him.

Whitney issued a statement tonight on the liquor question. He is against prohibition, and favors the restriction of the number of licenses, and is in favor of taking commissioners and inspectors out of political influence.

#### Independent Elected

Toronto, November 24th.—The North Simcoe recount elects McCarthy Independent by one majority. He was opposed in the election by Currie, Conservative. There was no Liberal candidate.

#### Smuggling Wheat

Winnipeg, November 25th.—Twelve Southern Manitoba farmers have been arrested for smuggling wheat into Dakota.

#### Chief of Mounted Police

Winnipeg, November 24th.—Chas. Roake has been nominated Chief of Mounted Police with headquarters at Cartwright.

### SHOWS AN INCREASE

#### IMMIGRATION TO CANADA

For the Past Four Months Exceeds that of the Same Four Months Last Year.

#### Bulletin Special Despatch.

Ottawa, November 25.—The immigration to Canada for the last four months of the fiscal year shows an increase of 2,088 over the same time last year. The total arrivals are 40,889.

### THE WAR SITUATION

Mukden, November 24th.—The Japanese made a fresh attack on Pailiff Hill the night of November 22nd. Their advancing ranks were decimated by the Russian shell fire. Some of the Japanese gained a lodgment on the slopes of the hill but were driven out at the point of the bayonet. With the whole Japanese contingent, a similar attempt was made, the night before, south of Erdagow which also was repulsed with a bayonet charge. The Japanese lost heavily while the Russian losses were thirty killed.

A band of 1500 Chinese bandits with six guns under Japanese officers coming from the direction of the Liao river was in conflict with Border scouts near the station of Kaiuan. The scouts charged without giving the bandits' battery time to come into action. The bandits made a feeble resistance and fled in all directions, 200 of their numbers being dead. The Russian loss was trifling.

#### Foul Play Suspected

Woodstock, Ont., November 25.—Late yesterday afternoon John E. Edwards, shoemaker, was found dead in a slaughterhouse about a mile from the city. It is supposed that he had been dead since Sunday. Foul play is suspected.

#### AT THE GAS WELL

Work goes on apace at the gas well being sunk by the North-West Gas & Oil Company on the Ross flats near the exhibition grounds. At present the men are engaged in putting in the casing, the third size, the 9.5-8 inch, now being used. The well has been sunk to a depth of 700 feet. The last few feet of the well have been driven through a slate formation, which is giving some difficulty. So far, only some marsh gas has been struck, but the indications are good, and the work is being hurried forward with all possible dispatch.

#### SUPREME COURT

At the Supreme Court last evening the case in the matter of the extradition of G. W. Lewis was heard. State Attorney McCarter, of South Dakota, was present. The case was remanded until next Tuesday evening, at 7.30 o'clock.

## ENGLISH CHURCH SYNOD

The ninth meeting of the synod of the Diocese of Calgary of the Church of England, commenced in All Saints' church, Edmonton, on Tuesday morning. Bishop Pinkham of Calgary, is presiding. Rev. H. A. Gray, rector of All Saints' church, Edmonton, introduced a delegation from the parish of All Saints' church, who presented an address from the rector, churchwardens and lay delegates of the church. The Bishop replied to the address in a short speech. The report of the executive committee was read by J. H. Hogbin, Calgary. Tuesday afternoon the Bishop delivered the annual address from the chair.

Wednesday morning there was a celebration of the Holy Communion, accompanied by a devotional address. At 10 o'clock the report of the committee on canons and rules of order was submitted by C. F. P. Conybeare, K.C., of Lethbridge. On Wednesday afternoon the treasurer's report was presented by W. F. Webb and he was afterwards re-elected treasurer for the ensuing term. Besides the hearing of the reports Wednesday's and Thursday's sessions were devoted to discussion on them. Thursday afternoon's session of the Synod was also partly devoted to the election of members of the executive committee and of delegates to the provincial and general Synods.

C. F. P. Conybeare, K.C., of Lethbridge, solicitor of the Diocese, for the past year, has been appointed Chancellor of the Diocese.

The following standing committee on canons and rules of order was appointed: Rev. W. F. Webb, Canon Stocken, J. Hinchliffe, H. A. Gray, E. N. Brown, M. Morris, and E. C. Emery.

At Wednesday's session a report was received from a special committee with reference to the death of the late Archbishop Machray. The report referred to the late Archbishop's untiring efforts towards the advancement of higher education in Manitoba. His large hearted charity and the simplicity and self sacrificing character of his long life were referred to in appreciative terms. This report was submitted by Rev. H. W. Gibbon Stocken, of Gleichen.

A report was received from a committee appointed to consider the executive committee's report. It dealt chiefly with, 1, the finance and property board; 2, See house; 3, financial organization of parishes and mission assessments for expenses to Synod and executive meetings. The report was submitted by Rev. Geo. H. Hogbin.

The Bishop expressed the thanks of the Diocese of Calgary to those who so generously contributed to the fund for the See House, as to make the purchase of an episcopal residence practicable.

Owing to the large numbers of immigrants from England, many of them with little more than enough to buy the necessities of life, into the Diocese of Calgary, Ven. Arch. Tims, on behalf of the Diocese, asked that the grants by the Society for the Propagation of Christian Knowledge be as liberal as possible this year. Thirty-seven congregations, out of seventy-one in the diocese of Calgary, are worshipping in private houses.

A supplementary report of the committee on canons and rules of order dealing with the revision of the scheme of offerings for church purposes was received and discussed at length.

The following is a list of the members of the Synod of the Diocese of Calgary, which has just concluded its sittings in Edmonton:

Archdeacon Tims, Canon Stocken, Archdeacon Webb, Canon Hinchliffe, Canon d'Easum, H. A. Gray, G. H. Hogbin, J. Atkinson, Dean Paget, G. H. Webb, R. A. Robinson, F. G. Rickard, G. E. Gale, G. Card, W. R. George, Canon Rogers, A. D. Floyd, C. G. Austin, F. D. Tyner, J. Leech, Porter, J. S. Chivers, W. V. McMillen, E. L. Mcnaughten, F. S. Keane, Wm. Burns, and Deacons G. G. Edwards, W. G. James, and W. J. Hinchey.

The laity in attendance are:

Rural Deanery of Calgary—N. B. Sanson, A. W. R. Markley, A. G. Wolley-Dodd, and F. H. Woolley-Dod.

Rural Deanery of Edmonton—Wm. Mason, C. W. Strathy, Wm. Hawkins, E. C. Emery, G. W. R. Almon, C. Brumfit, F. S. Mitchell, C. E. Simons, A. T. Mode, W. J. Birnie, Browne, H. D. Mills, and E. C. Roper.

Rural Deanery of Macleod—C. F. P. Conybeare.

Rural Deanery of Red Deer—W. Geary, J. E. Fawcay, L. O. Mott, W. R. Charley, Jas. S. Slatel, Capt. Thomas, R. E. Baroh, and R. E. Fiske.

There are a number of the members of the Synod who have been unable to attend the sessions.

The Synod concluded its sessions last evening.

**DEFEAT OF THE GOVERNMENT  
MEANT NO RAILWAY**

To those who read the Winnipeg Telegram before the election, when it was ringing the changes on the anxiety of the Conservative party to build a transcontinental railway the editorial view of the Montreal Gazette expressed after the election, may be of interest. The Gazette is the leading Conservative party organ in the province of Quebec, and is an authority on the policy of the party that will not be questioned. The Gazette's words are:

"In spite of the result of Thursday's election, it is still a question if the national transcontinental railway will be built. If, as is possible, if not probable, the engineers who are now making an examination of the proposed route, find that the Government division will traverse a thousand miles of wilderness, presently uninhabited, prospectively uninhabitable, hardly even the folly of the Laurier ministers will lead them to undertake its construction."

This allusion is to the eastern section between Quebec and Winnipeg: the part which the Government will build and own, not for the development of agricultural country along its route, so much as for the purpose of giving an all the year round outlet at lowest rates to the productive prairies, hitherto at the mercy of the C. P. R. for five months in each year.

The difference in the position taken by the Government and the Gazette in regard to the building of this section, is that the Gazette objects to its being built unless it will develop good country, while the Government will build it to relieve winter congestion of North-West traffic, no matter whether the country traversed is suitable for Agriculture or not. In the case of the Government's bargain we are sure of the railway, so long as the engineering difficulties are not insurmountable. In case the Gazette and its party were in control, we would be certain not to get it, for while the country to be traversed by the eastern section no doubt has agricultural possibilities, it can scarcely be pretended that its agricultural advantages are such as to call for the construction of a great and costly road for their development. Had there ever been any doubt, the developments from day to day since the election have shown more and more clearly that the defeat of the Government meant C. P. R. monopoly for the Territories, a condition from which the Government will bring them permanent relief.

**Demand for Manitoba Wheat**  
Globe:

A despatch from Chicago to a local commission house announces that a carload of Manitoba wheat has reached Chicago, the first that ever arrived there. The grain is not imported by a bonded mill, but by a miller who finds that he absolutely needs Manitoba wheat of the best grade to maintain his flour standards not sufficiently high grade wheat being available in the Chicago market.

The importer had to pay the duty of 25 cents a bushel, and it is estimated that it cost the miller from \$1.30 to \$1.35 a bushel at Chicago.

**POPLAR LAKE**

A meeting of the electors from Turpin Lake, Namayo, Sunnyside, Coronation, Horse Hills, Belmont and Poplar Lake school districts was held in Poplar Lake school last Tuesday evening. The meeting was called to discuss the selection of a candidate to contest the seat vacated by the resignation of Mr. Secord, and other political matters, and also to discuss the grain markets. A deep interest was taken in political matters. The discussion showed that a majority of the electors were in favor of a farmer candidate and two delegates were appointed with instructions to act according to the desires of the meeting at the Liberal Convention to be held in Edmonton on December 3rd.

A club known as the Poplar Lake Independent Liberal Association was organized. The representation from the other districts was thought to be not large enough to take any action in this matter at this meeting, but a desire was expressed that the other districts would form similar clubs and all unite where concerted action would be deemed advisable.

The question of Provincial Autonomy was discussed and a resolution was passed declaring that, "In the opinion of this meeting, the Territories are not ready for Provincial Autonomy."

Intense interest was taken in the grain market question. The discussion clearly showed that the farmers were unanimous in the belief that a combine existed in the grain market—especially the oat market—in Edmonton. A Farmer's Association was organized and an information committee appointed to collect information about the running of Farmers Associations.

Very successful Anniversary services were held in the Methodist church on November 13th. The church was crowded at two services. Rev. C. H. Huestis, M. A., of Edmonton, preached instructive and helpful sermons. Mrs. Green and Mr. Froude, of Edmonton, rendered special singing.

The Anniversary services of the Presbyterian church were held on the 20th and both on Sunday and Monday evening were a distinct success. Rev. McQueen of Edmonton and Fort of Fort Saskatchewan preached able sermons on the Sabbath. The entertainment on Monday evening drew a large crowd. The Edmonton choir provided excellent music. Rev. McQueen was chairman.

On the evening of December 9th, the Epworth League of the Methodist church intend holding a social evening. The President of Conference, Rev. J. M. Harrison, of Medicine Hat will lecture. Refreshments will be served.

## DICKSON VS. TRETHEWEY

## Statement of Defence

The following is the statement of defence filed with the clerk of the court in the case of Dickson vs. Trethewey. The plaintiff claims the transfer of an undivided half interest in certain lots on the Groat Estate, and undivided half interest in \$10,000 of fully paid up and non assessable stock in the Edmonton Street Railway Company. The writ in the case was issued on May 18th 1904, and the case is set for trial at this sitting of the court.

In the Supreme Court of the North West Territories Northern Alberta Judicial District.

BETWEEN—

JOHN McKNIGHT DICKSON  
Plaintiff

AND

WILLIAM G. TRETHEWEY  
Defendant.

## STATEMENT OF DEFENCE.

The defendant says,—that

1. The defendant on the one part and the plaintiff and the said Coulter on the other entered into an agreement under seal dated the 9th November, 1903, in the words and figures following, that is to say, —

## MEMORANDUM OF AGREEMENT.

entered into this ninth day of November, One Thousand Nine Hundred and Three,

BETWEEN:—

William G. Trethewey of the City of Montreal, in the Province of Quebec, Gentleman, hereinafter called the Party of the First Part

—and—

JOHN McKNIGHT DICKSON and LESTER M. COULTER both of the Town of Edmonton, in the District of Alberta, in the North West Territories, Manufacturers, hereinafter called the Parties of the Second Part.

## WITNESSETH.

That the party of the First part, in consideration of the enhanced value resulting to certain of his properties in the said Town of Edmonton, by reason of the erection, by the parties of the second part, of the factory hereinafter mentioned, doth agree to grant and transfer to the parties of the second Part in the most absolute manner the properties, lands and values following, upon the happening of the conditions hereinafter specified.

1. Five acres of land in that property in the District of Alberta, in the North West Territories West of the said Town of Edmonton, commonly known as the Groat Estate. The said Five Acres is bounded on the East by the middle of the valley through which a certain small creek, commonly known as Groat's Creek, runs, and on the South by the Saskatchewan River and is equilateral in shape and is indicated in black ink on a map or plan attached hereto to form part of these presents; together with a right of way over the adjoining land either by way of a street placed by the party of the first part, or by some convenient road. The said Right of Way to be exercised by the parties of the second part for all the purposes of the factory hereinafter mentioned.

2. Two lots of land in the said property known as the Groat Estate, each lot to be of not less than Seven Thousand Five Hundred Feet Square (7500) and large enough for a home of reasonable dimensions. The said lots are to be chosen by the Parties of the Second Part or either of them whenever they see fit to do so, but the said lots shall be taken from that portion of the said property known as "The Heights."

The party of the first part covenants and agrees to bring within the

limits of the Municipality of the Town of Edmonton Two Hundred Acres of land now lying immediately outside the said Municipality, to the West, in such a manner that the land of the said Two Hundred Acres shall be exible and rateable for taxes by the said Municipality.

The party of the First part agrees to lay or place, at his own cost, a board walk from the nearest stopping point of the said Street Cars, to the door of the said Factory.

The parties of the Second part agree to construct and commence to operate a lien factory or industry with a plant of the value of not less than Forty Thousand Dollars upon the parcel of land first described herein, within a period of two years from the time when a street railway or street Tramway shall run cars within a distance of One Quarter of a Mile from the door of the said Factory.

This Contract and Agreement is made conditional upon the party of the First part either being successful in his efforts to induce the Municipality of the Town of Edmonton to operate a Street Railway from the said Town to the said Groat Estate, or to obtain from the said Municipality such a franchise as shall result in the party of the first part floating such a Street Railway Company himself, and otherwise this contract and agreement is null and void.

Provided if the parties of the second part do not build or erect such a factory, of the value hereinafter mentioned within the said period of two years, then the party of the First part may require the parties of the Second Part, at their option either to purchase the said property first mentioned at its then market value or to abandon the same and all improvements thereon, made, and the party of the First part shall then be released from all his covenants and promises herein, and may require a re-transfer at the expense of the Parties of the Second Part, of any lands or values granted hereunder.

IN WITNESS WHEREOF the parties hereto have set their hands and seals in duplicate at the said Town of Edmonton.

SIGNED, SEALED AND DELIVERED  
In the presence of  
John K. Kennedy  
Witness

and except as aforesaid the defendant did not covenant with the plaintiff and the said Coulter as in the 2nd paragraph of the Statement of Claim alleged.

2. The defendant was not successful in his efforts to induce the Municipality of the Town of Edmonton, to operate a Street Railway from the said Town to the said Groat Estate nor to obtain from the said Municipality such a franchise as resulted in the defendant floating such a Street Railway Company himself.

3. The plaintiff and the said Coulter have not constructed or commenced to operate a linen factory or industry upon the land first described in the said Agreement.

4. The plaintiff and the said Coulter were not and are not ready and willing to perform the said agreement on their part.

5. The defendant on the one part and the plaintiff and the said Coulter on the other, entered into a certain other agreement under seal and dated the said ninth of November, 1903, in the words and figures following, that is to say:

MEMORANDUM OF AGREEMENT entered into this ninth day of November one thousand nine hundred and three

BETWEEN  
WILLIAM G. T. TRETHEWEY, of the City of Montreal, in the Province of Quebec, Gentleman, hereinafter called the party of the first part, and

JOHN McKNIGHT DICKSON and LESTER M. COULTER, both of the Town of Edmonton, in the District of Alberta, in the North-West Territories, Manufacturers, hereinafter called the parties of the second part.

## WITNESSETH

That the party of the first part in consideration of the assistance

rendered by the parties of the second part to him in his efforts to secure street car service for the Town of Edmonton, hereby covenants and agrees to grant and transfer, and execute all necessary papers to this end, to the parties of the second part the following properties and values, that is to say:

1. Twelve lots in that property in the District of Alberta, in the North-West Territories, commonly known as the Groat Estate, which lots are indicated and described in a certain map or plan annexed hereto, to form part hereof as lots Five (5) to sixteen (16) inclusive in block thirty-three (33).

2. Shares in the capital stock of a joint stock company to be hereinafter incorporated for the purpose and object of operating and running street cars and tram cars in the said Town of Edmonton and vicinity, the shares to be thus granted to be of par value of ten thousand dollars, and to be paid up in full (and non-assessable). The shares are to be transferred and granted to the parties of the second part only upon the condition that the party of the first part himself is the owner of shares or interests therein, or that the company is incorporated upon a franchise granted to him by the corporation of the Town of Edmonton, and it is agreed and understood by the parties that if a franchise is granted to other persons than those whom the party of the first part represents, or if the said street car and tram car service is owned and operated by the Town of Edmonton, then this clause of the agreement is null and void, and no right to demand such shares or any part thereof shall vest in the parties of the second part.

Nevertheless, it is agreed between the parties that if the party of the first part is unsuccessful in securing an assurance of a street railway service from the council of the Town of Edmonton, for the said town either as operated by the corporation of the said Town of Edmonton, or through a franchise to any private company, then this agreement is null and void.

IN WITNESS WHEREOF the parties hereto have set their hands and seals in duplicate at the said Town of Edmonton at the date first mentioned.

Signed, sealed, and delivered in the presence of  
J. K. Kennedy,

W. G. TRETHEWEY,  
J. McK. DICKSON  
LESTER D. COULTER

and except as in the said last mentioned agreement appears the defendant did not covenant as in the 3rd paragraph of the Statement of Claim alleged.

6. The defendant has been unsuccessful in securing an assurance of a Street Railway Service from the Council of the Town of Edmonton, for the said Town either as operated by the Corporation of the said town of Edmonton, or through a franchise to any private company.

7. Both the said agreements were made on the false and fraudulent representation of the plaintiff and the said Coulter that they had both in fact rendered assistance to the defendant in his efforts to secure street car service for the Town of Edmonton, and the defendant was induced to enter into the said agreements by reason of the said representations.

8. The assistance alleged to have been rendered by the plaintiff and the said Coulter to the defendant in his efforts to secure Street Car Service for the Town of Edmonton expressed as the consideration for the said secondly mentioned agreement, consisted of the use of secret means and the attempted exercise of sinister influence and the exercise of private and personal influence upon the members of the Municipal Council of the Town of Edmonton to secure their votes in favor of a proposal placed before the Council by the defendant with the object of the defendant obtaining a franchise for a Street Car Service as aforesaid.

9. The said secondly mentioned agreement was in fact made in substance verbally about two months prior to the date thereof and at the time of the verbal making thereof and alternatively at the time of the execution thereof the plaintiff and the Coulter had not in fact rendered any assistance to the defendant in his efforts to secure Street Car Service for the Town of Edmonton, but the said agreement was in fact made in contemplation of such services being rendered after the making of the said agreement by way of the personal and private influence of the plaintiff and the said Coulter directly and indirectly upon the members of the Municipal Council of the said Town of Edmonton, to secure their votes in favor of the defendants proposal then being considered by the Council having for its object the obtaining by

## LIFE IN THE NORTH

Writing from Lesser Slave Lake under date of November 5th, a correspondent of the Bulletin gives the following account of life in the North country:—

The fall of 1904 is a thing of the past. With the 1st of November, the first day of winter in an Indian and fur country comes in. The grub stakes for the winter's hunt have been the sole topic of conversation around the trading posts for the last fortnight. Every hunter has his own particular story of the wonderful hunt he intends to make the coming winter. Fur prices have not been strong the past year and the trader is on his guard. Small credits are given and in that way the Indian is made to realize the tightness of money matters that exists outside. He may feel and realize all right, but what does he care. Rabbits were never more plentiful, the fish catch has been a large one, and the lynx are overrunning the country. Tea and tobacco are obtainable at the trading posts. It is true the potato crop was rather small owing to a dry year and flour is a dollar dearer per package but what does he care? Two generations back, his tribe neither saw flour or potatoes. It is no more difficult for him to do without these luxuries than it is for you or I to do a back hop step and jump.

Go back from Peace river eight days and you meet the Dog Ribs. They don't want your flour, it is too cumbersome to carry. They are always on the trail and have yet to build their first house. In this whole tribe not a single person possesses a horse. When Jack Graham first went over on the Nelson river leading a couple of measly little ponies, about ten years ago, they saw their first horse. They pack their earthly possessions from the time they are able to walk until they die. They live on meat straight. No wonder the tightness along credit lines does not bother them. They haven't a trouble in the world. They have us away outdistanced when it comes to the philosophy of easy existence. When we go broke we are going to move away back and sit down.

The usual number of marriages have taken place on or about the 1st of November. Some poet wrote that 'in the spring a young man's fancy lightly turns to thoughts of love.' That doesn't apply here at all. The season for marriages here is when the nights are getting cold and about sixteen hours long. There were the accompanying dances that were attended with full honors. A wedding here is certainly all right. The food isn't anything to write about but the dances are great—great is the only word suitable to describe them.

The new English church is very nearly completed, and it is a splendid little chapel.

A number of distinguished natives will attend the court sittings in Edmonton from here, as witnesses in the murder trials. They are looking forward to the trip with pleasure, as they have never been to Edmonton and naturally think it is the hub of the earth. They are already making enquiries about where the prohibition line is. This line is talked about out here more than the war.

## AS TO WEAKLY PIGS

The Nor' West Farmer has a reference to the matter of weakly young pigs mentioned in the Bulletin some weeks ago. W. T. Stevens of Clover Bar had written to the Farmer on the subject and had suggested that lack of lime in the food of the dam was the cause of the trouble. He advocated experimental dieting, (1) prevent eating snow or drinking snow water, (2) add lime in some form to the grain or drinking water, (3) feed bran liberally. Prof. W. A. Henry, of the Wisconsin College of Agriculture, writes the Farmer on the same subject, advocating the use of lime phosphates, bone meal and wood ashes or coal ashes if wood ashes were not available.

### LESSER SLAVE LAKE

A correspondent of the Bulletin at Lesser Slave Lake sends an account of the murder which is supposed to have taken place near Lesser Slave Lake and for which a man named Charlie King is now in the custody of the R. N. W. M. P. The letter is dated November 5th and is as follows:

The best trackers and bush men in the North country live on the south shore of Lesser Slave Lake. The Government road parallels the lake but miles back from it and runs through a densely wooded country that is the home of the moose and bear. These men, I speak of, hunt this country for a living and many of them have done so from boyhood. They know the country like you know your own back yard. These are the men that are accountable for placing suspicion on King for the supposed killing of his partner. In wandering through the bush following their vocation, they tracked two white men, four pack horses and one dog, the men walking and leading the horses. (This they knew even before they visited the white men at their camp, from which later only one of the white men departed. As is the custom in this country, when you pick up a strong trail they followed it to the end. Tea is made for the visitors, news is swapped and the usual questions asked and answered. All this was gone through with. In the meantime they looked outfit over, men, horses, dog and fire-arms and grub pile, the five principals of existence put here, and they corresponded exactly with the signs left by the white men on the trail. Some small dealings were entered into between the two parties that evening, a small trade of some kind

and on the following morning come money was paid by the man, who has since disappeared, to an Indian boy, for rounding up their horses. This is about the sum and substance of the information possessed by the Indians prior to the hearing of a shot at about twelve o'clock or perhaps one in the morning, following the day the boy was paid the money. On that day the white men's camp was not visited until about four o'clock in the afternoon for about that hour one of the white men was seen striking off in the direction of the settlement at the Lake. (He was alone barring the four horses and the dog. His partner was not in sight and until the present has not been tracked. None of the bushmen and trackers have been able to trace but one man away from the white men's camp. They have however found enough evidence of something or somebody that was killed to implicate King, so the people say who jump at conclusions, those kind of people we have out here just as they are elsewhere.

The R. N. W. M. P. detachment here, Sergeant Anderson and Constables Lowe and Nicholls were the coaches of these bush men. These policemen are men of experience in bush country as their work out here is very largely patrol work and as they live and associate practically year in and year out with the Indians, they pick up all the fine points of bush craft, and combining that with their superior natural shrewdness were able to direct the search for evidence successfully. They are a hard combination to beat. By their united efforts they claim to have got enough material to show that there was committed in a lonely spot in the Athabasca forest a murder that for gruesome details has no parallel in the annals of Canadian crime.

## LOCAL

—The Farmers' Advocate has a picture of the Edmonton Presbyterian church.

—Thirty-five Liberals have been elected to the Quebec Legislature by acclamation.

—The annual public meeting for the discussion of municipal affairs, will be held in Robertson Hall this evening.

—A. McLay has purchased several town lots north of Rat Creek, upon which to erect coal sheds and stables, to be operated in connection with his Sturgeon coal mine.

—The members of the Synod of the Church of England from Central and Southern Alberta, who have been attending the sessions of the Synod, left this morning for the south in a private car.

—Dr. Clendenan has taken up medical practice. His office and surgery is in the McLeod Block. He retains his interest in the hollow concrete block business, but it will be conducted under other management.

—The Canadian Northern surveyors were driving their location stakes through the northern part of the city on Tuesday across Kinistino and Namayo avenues, in the rear of the public school building, to the C. N. R. station grounds.

—Albertan: The Calgary Junior Hockey Club is getting down to business. On Saturday night a meeting was held in the Royal Hotel, when the making of a trip north was discussed. The tour will probably extend as far north as Edmonton, matches being played at intervening points.

—Lacombe Globe: Mr. and Mrs. D. M. Horne, visited Edmonton last week, to attend the formal opening of Alberta College. Mr. Horne reports the Northern city as having made wonderful strides in the advancement of influence and affluence as a centre of education, commerce and population, since he last visited the place.

## Luxton-McDougall

Spec. Press, November 19:

Norman K. Luxton, editor of the Crag and Canyon, of Banff, was recently married to Miss McDougall, daughter of Mr. McDougall, of Morley. Mr. Luxton, who is the son of W. F. Luxton, has had more remarkable experiences in his short life than the majority of men who have lived the allotted span. When only a mere boy he won the trap shooting contest of Western Canada, after a singular exhibition of marksmanship. Three years ago he, in company with only one companion, made a voyage from Vancouver to Australia in an Indian canoe. His adventures en route would in themselves be a stirring narrative. While in Australia he formed the acquaintance of De Rougemont, of Wide World fame, and indeed had him in his employ for some time. On his return he settled at Banff and started the publication of Crag and Canyon. His wife belongs to a family historic in the annals of the North-West, being a grand daughter of Rev. Geo. McDougall, the pioneer Methodist missionary to the Indians of the West, who was frozen to death on the plains many years ago.

Mr. Luxton is visiting with his bride at St. Paul, but will return to the city, this week.
